PROFILE

As an informatics student, I am committed to exploring the intersection of technology and innovation. By day, I focus on building a strong foundation in data analysis, systems design, and technical problem-solving. By night, I immerse myself in software and web development, constantly honing my skills and embracing new challenges. Driven by curiosity and a desire to leverage technology for meaningful improvements, I am eager to contribute to projects that make a real impact.

WORK EXPERIENCE

Web development intern - Codsoft   **JULY 2024 - AUGUST 2024**

- Developed a personal portfolio website, showcasing my skills and projects using HTML, CSS, and JavaScript.
- Created a functional calculator application that enhanced user experience through interactive design and responsive functionality.
- Designed and implemented a visually appealing landing page, utilizing modern web design principles to attract and engage users.
